Field Record — Oct 4 2025

Title: Drive-Thru Portal — Car Screen Glitch (Vera) — Field Record
Location: Drive-Thru observation site (same as subsequent Oct 23 capture)
Description:
Short video documenting an initial instance at the drive-thru where Vera's in-car display shows an unusual "glitch" while ambient light at the site behaves atypically. Logged as the earlier public observation preceding the Oct 23, 2025 "Yellow Alert" capture. No claims — observational record only.
